CASEMENT COOL; DECISION TODAY

High Treason Trial Defense will be Reserved.

British Signal Man Relates Fate of German Ship.

Several Witnesses Identify the Two Prisoners.

IRY ATLANTIC CASE AND A. P.
LONDON, May 16.—Sir Roger Casement and Daniel J. Bailey, who for two days past have been undergoing a preliminary examination in the Bow-street Police Court on the charge of high treason in connection with the recent Irish revolt, probably will know tomorrow whether they will be placed on trial for their lives in a higher court.

The attorneys for the crown virtually concluded the introduction of testimony today, and, unless the defense has some surprise in store, it is believed the hearing will be concluded and the magistrate's decision, whether the prisoners shall be held for trial, will be given late tomorrow.

MAY RESERVE DEFENSE.

Legal experts who are following the case expressed tonight the opinion that there was small doubt that Sir Roger and Bailey would receive their freedom for the technical errors they committed in the defense of the prisoners. They asked very few questions in cross-examination, apparently being satisfied that they take the defense case during the examination. Neither Casement nor Bailey has appeared much worried over the case, Sir Roger in particular maintaining an air of unconcern which belied the greater part of the time.

The prosecution produced further testimony regarding events attending the capture of Casement and Bailey. Much of this was corroborative. An Irish chauffeur told of having been sent with his car for some men, one of whom gave the name of Michael Mulligan, who was then Constable now recognized as Bailey. Constable told of Bailey's arrest.

PART OF THE AUD.

Details of the fate of the German ship "Aud," which was sent out from Kiel with arms and ammunition to fulfil in part promises of assistance said to have been made by the Germans, were given by Sidney Wagstaff, a former member of the British patrol ship "Blissdale," who said:

"Early Good Friday morning the "Blissdale" was on patrol duty off the coast of Norway. We sighted a small ship flying the Norwegian colors. We signaled her. She replied that she was the Aud bound from Germany to Ireland. At that time we were about 150 miles west of Queenstown.

"We ordered the Aud to follow us but she did not do so until we fired a shell. Then she proceeded with us.

"When we got near Dant's Rock the Aud stopped her engine. The British gunners opened fire and drove away from her and we saw white smoke coming from her after-hull. Two German ensigns were run up on the Aud. We sighted two boats which were rowed toward the "Blissdale." We fired around these boats. They flew flags of truce and the occupants came up on board. They proved to be nineteen or twenty German bluejackets with twenty rifles. Ten minutes later the Aud came alongside and a quarter from the lightship."

Waghorn was followed on the stand by a diver who inspected the wreck of the Aud and confirmed of the statements that she had arms and ammunition aboard, it being claimed that she carried \$10,000 worth of rebels, besides other war material.

RIFLES ON THE BOTTOM.

"The Aud lay in about eighteen fathoms of water," the diver said. "She had the Norwegian flag painted on her hull, found a hole in her side and was leaking when I dived on her. On the bed of the sea I saw a lot of rifles and ammunition."

The witness identified one rifle, several carbines, a revolver, one pistol and cartridges he had brought away with him. Among other exhibits was a handbag found buried on the shore, which contained his compass and money. It contained the green rebel flag shown at yesterday's session, a considerable

WAR INCREASES PRICE OF PAPER.

Many Journals Said to be on Verge of Cutting Down Editions.

(BY A. P. NIGHT WIRE.)

CHICAGO, May 16.—That the war in Europe may materially increase the price of newspapers, magazines and periodicals was the belief expressed here today at a meeting of the executive committee of the Inland Daily Press Association. The meeting was called to devise ways and means of meeting the shortage in paper stock and a resolution was adopted urging the strictest economy in the use of paper. It was said that in two cities of 40,000 population and in smaller cities, several daily newspapers had not issued because of the shortage. It was reported that many newspapers were on the verge of shutting down completely, or issuing smaller editions.

amount of ammunition and several maps of Ireland. It is charged that these exhibits show that the purpose of the uprising in Ireland was to participate in the uprising.

The case was adjourned late in the afternoon until tomorrow.

REVIEW OF THE CASE.

Legal experts who are following the case expressed tonight the opinion that there was small doubt that Sir Roger and Bailey would receive their freedom for the technical errors they committed in the defense of the prisoners. They asked very few questions in cross-examination, apparently being satisfied that they take the defense case during the examination. Neither Casement nor Bailey has appeared much worried over the case, Sir Roger in particular maintaining an air of unconcern which belied the greater part of the time.

The prosecution produced further testimony regarding events attending the capture of Casement and Bailey. Much of this was corroborative. An Irish chauffeur told of having been sent with his car for some men, one of whom gave the name of Michael Mulligan, who was then Constable now recognized as Bailey. Constable told of Bailey's arrest.

NEUTRAL SHIPS WARNED BY VON BERNSTORFF.

Declares Merchant Vessels Must Halt When Stopped by German Submarine as Provided by International Law or They will Incur Danger of Being Sunk Without Second Warning.

(BY A. P. NIGHT WIRE.)

WASHINGTON, May 16.—Germany, in a note presented to Secretary Lansing by Count von Bernstorff today, warns neutral governments that merchant ships flying neutral flags must obey the provisions of international law in regard to their conduct when stopped by a German submarine, and that they incur danger should they turn their ships in the direction of a submarine.

The text of the communication, dated May 15, from the German embassy, and signed by Count von Bernstorff, follows:

"A German submarine in January last signalled with flags from a distance the Dutch steamer "Bandoen" to stop. Instead of immediately turning his ship in the direction permissible under international law, the Dutch steamer turned at higher speed on the submarine, whose commander on the submarine, who was warned by the German government that he had to do with an English ship in dispute, bent fire on attacking him, then opened fire on her.

"The steamer, after disengaging from the submarine, stopped and sent over a boat for the examination of the ship's papers. On being asked about his

COMMUNIQUE.
OFFICIAL NEWS OF THE BATTLES

Germans in Lake Dolje Region Expelled by Russians.

Italian First Line Position Taken by Austrians.

British Monitor Foundered Under Fire of Turks.

IN ATLANTIC CASE AND A. P.
PETROGRAD (via London) May 16.—The following official communication was issued today:

"In the region of Lake Dolje, north of Lake Midzadol, Germans in considerable strength attacked toward 2 o'clock in the evening and succeeded in partially capturing our advance trenches. We expelled the enemy by a counter-attack and drove him back toward the village of Chalchuk.

"In the region north of Lake Midzadol the enemy carried out a violent bombardment the entire night of the 14th. Enemy aero-bombs fell on our trenches on many places

"In Galicia, in the region north of the town of Ropica, and in the region of the lower Styria, the enemy attempted to approach our trenches, but was repulsed by our fire.

"In the Caucasus region in the direction of Diarbekr, we repulsed with our fire an enemy attempt at an offensive.

"In the region of Mosul our advance continues."

FROM BERLIN.

(BY WIRELESS AND A. P.)
BERLIN (via Sayville) May 16.—Italian first-line positions in several areas were taken by the Austrians after concentrated artillery preparation. It was announced at today's conference with Maj. Gen. Scott, Chief of Staff, Gen. Caranza, and his advisers now understand the motives of the Washington government more fully than ever before, as a result of the conference at El Paso between Gen. Scott and Funston, and Obregon.

"Italian troops—about 4,000 Austrian-Hungarian troops, with the aid of an overwhelming artillery fire, captured the first-line enemy positions in the northern portion of the southern Bugana Valley on the Fesina Plateau, in the northern Campolo Valley and south of the Campolo Plateau, after a fierce battle.

"Italian troops—about 4,000 Austro-Hungarian troops, with the aid of an overwhelming artillery fire, captured the first-line enemy positions in the northern portion of the southern Bugana Valley on the Fesina Plateau, in the northern Campolo Valley and south of the Campolo Plateau, after a fierce battle.

FILES DEMURRER IN CHURCH WAR.

First Move for Pastor Whom Nazarene Elders Accuse.

Skull of Cyclist Shattered When Bicycle Skids.

Motorists are Buried Under Debris from Blast.

(LOCAL CORRESPONDENCE)

PASADENA, May 17.—Emphatically does every charge in the complaint preferred by Earl H. Herbert Johnson and Earl D. Hincher, elders in which he is accused of being a Christian and imprudent in his conduct," has been filed with the University Pentecostal Church of the Nazarene last night through his attorney, A. C. Ong.

The trial will be an open one and is set for the 29th inst. Interest

is centered in the time when Mr. Ong will make his answers, after the demurser has been filed and argued.

The object of the demurser, according to Mr. Ong, is to cut down the charges, three of them having already been adjudicated. During

the trial it is expected it will be

discovered that the students, who

were asked to do anything whatever

from the church or Rev. F.

R. Matthews, and experts to prove

the trial that Mr. Matthews received a letter of dismissal at his

own request, and that the Rev. Mr. Matthews if he had not done so would have remained in the church.

Mr. Matthews, who was tried by a court of five elders for cruelly whipping his son, was not convicted because the court felt he had suffered enough having been convicted of the charge in the civil courts.

Mr. Ong filed the Rees demurser with Rev. George E. Tarr, No. 113 Avenue, Pasadena, Los Angeles.

CYCLIST NEAR DEATH.

Edward Witt, 36 years old, a gardener on the Henry E. Huntington estate, is in critical condition at the Marangoni Hospital from injuries received when his bicycle skidded in turning at California street and San Marion avenue.

An operation was performed but the skull is so fractured that physicians declared that it would be a miracle if he would live many hours. Mr. Witt's home is at No. 1024 Emerson street.

MEET A BLAST.

Their bodies sore and stiff from bruises, caused when shower of rock and debris fell on them in the mountains where a road was blasting. Cole Hobert of No. 1659 Elizabeth street and Carl Brandenberger returned home yesterday, having completed the trip from Palmdale, where they intended to inspect some mining property.

A terrible explosion rocked them from their motorcycles, burying them under a great heap of sharp-edged rocks and dirt. Both had to fight desperately for breath in the darkness.

The innovation of paper towels in the Pasadena High School is proving very popular that those through whom the towels are changed are becoming unkind and are finding that there can be such a thing as too much cleanliness. When the students arrived yesterday morning, Rev. F. C. Epperson, was given by her at her own instance.

The Rev. Mr. Rees also desired

through his attorney that he had

anything whatever to do with ex-

pulsion from the church or Rev. F.

R. Matthews, and experts to prove

the trial that Mr. Matthews received a letter of dismissal at his

MARSHAL HALTS M A CORPORATION.

Gas Company Unloads Pipe on Street, Faces Law and Beats a Retreat.

(LOCAL CORRESPONDENCE)

IRVINGTON PARK, May 17.—Threatening to jail the entire company, City Marshal Ford yesterday blocked the intention of the Pacific Gas and Electric Corporation to lay a "booster main" on Irvington avenue from Pacific boulevard east, when a force acting on orders from headquarters proceeded to unload two truck loads of steel pipe thereon, contrary to the wishes of the city officials. The gang reloaded their pipe and returned to Los Angeles after telephoning for orders.

The city is determined that the gas company shall not cut up the newly-laid asphalt pavement on this street, which has just been finished at a cost of \$18,000. The officials are especially determined in this matter, because the corporation was particularly requested before the paving went down to lay all the pipe it might need for some years to come. This it refused to do at the time. Hence the refusal now on the part of the city, after the street is finished.

The fixing of a uniform fee for railroads to haul asphalt today, publishing a fare table instead of leaving the matter optional with the separate lodges of the California Knights.

General of Perris was re-elected Grand Inner Guard and George D. Dixon of San Francisco Grand Outer Guard.

Knights are asked for Grand Prelate, Grand Master at Arms and Grand Trustees, while Herman Schaffner of San Francisco, for thirty years keeper of Records and Seal, is opposed by two others. Following are the nominations made today:

Grand Prelate, G. P. Cummings;

Grand Master at Arms and Grand Trustees, while Herman Schaffner of San Francisco, for thirty years keeper of Records and Seal, is opposed by two others.

Indications are that the municipal picnic to be held at Brookside Park will be held Saturday afternoon. Provision has been made for 1900 persons. All kinds of games will be played, including baseball, tennis, races, a tug-of-war and other sports.

MOTORMAN SPEEDER?

Second Arrest Made in Action Based on Time Made by the Interurban Electric Cars—Beach is to have "Own" Service in the Summer Months.

(LOCAL CORRESPONDENCE)

SANTA MONICA, May 15.—A second interurban electric car was stolen yesterday, the second to be taken, with the arrest of J. H. Hafin, motorman of car No. 555. He lives at No. 136 Larby street, Sherman.

Tomorrow the car will be returned to the Interurban Electric Company.

Arrestments were made today by the Pacific Electric that beginning June 1 the company will install an "owl" car from the beach, including Morro Bay at 10:30 A.M. and Venice two minutes later.

This service will continue during the summer.

THIRD VICTIM DIES.

Lives of Father and Two Daughters Is Now Toll of Crash when Car was Struck by Salt Lake Train at a Crossing.

One Recovering.

(LOCAL CORRESPONDENCE)

RIVERSIDE, May 16.—Only one of the victims of the automobile accident, at the Iowa Avenue crossing of the Salt Lake Railroad yesterday, is alive to tell the details of the tragedy which resulted in the deaths of E. N. Waite and his two daughters.

The death of Mr. Waite and his two daughters, Mrs. Bennett, his eldest daughter, Mrs. Ida Bennett, who occurred a few hours after the accident, were followed by that of the younger daughter, later.

Allen Bennett, the oldest son of Mrs. Bennett, will recover from his injuries.

Allen Bennett leaves four other children, one a baby 3 years of age. The husband was at Huntington, Va., at the time of the accident.

Mr. Waite left Sacramento, Calif., on April 26, accompanied by his wife, Dr. G. Glenn of this city, and a paralytic wife, who had come in with him from Morenci for the day while he and his daughters went to attend a baseball game.

Allen Bennett leaves from his injuries.

WOMAN VICTIM OF A STRAY BULLET

PELLET ENTERS EYE; SKIN MAY BE SHATTERED.

Reported "Prentiss" Infirmary of City is Struck When Loaded Revolver is Fired. Sends Shot Crashing Through Wall Into Her Apartment.

LOCAL COMMUNION.—POMONA, May 16.—Rev. man who "didn't know it loaded" tried to clean a revolver Don Roffe, whom many know as the prettiest woman in the Pomona Valley. House is set in her neck. It is a spine is shattered. She was not while standing in her hair.

R. E. Cornwell, a Pacific Coast attorney, lives in one of the houses under fire by Mrs. Roffe on East Morris. He undertook to clean his gun after hearing of the bullet crashing through the wall.

Alhambra.

CHAUTAUQUA POPULAR

Large Crowds of Visitors See Town Drawn by Programs of Interest—Registration Votes for Coming Election is Light.

LOCAL COMMUNION.—ALHAMBRA, May 16.—Alhambra Chautauqua, which last Friday, continues to draw large crowds. The course in bringing a number of lectures, artists and meetings to the city. All were ill attended.

François Labadie gave a local this morning, and also appeared on the various programs. The importance of the Chautauqua gives an estimate this afternoon, with the Chautauqua as another attraction. At the same time the moving picture of the Antarctic expedition won with Dr. W. A. Hubner's lectures.

Wednesday morning Dr. R. L. Miller will lecture. At the session the Sequoia Males will give a concert. Wednesday evening the Chautauqua followed by the junior Chamber of Commerce.

LOCAL COMMUNION.—BROADWAY, May 16.—A young man who had been staying at the Hotel Alhambra, and was to six weeks ago, has been found dead in his room. The police have been unable to determine the cause of death.

WOMEN VOTERS.—A report issued by City Hall shows that the registered Alhambra is 900 votes short of a year. The registration last year in 1915, was 1,000. Mr. Eddie registered for the first time. The shortage is due largely to the fact that for last year voters had a year and three months in which to register, whereas the new charter, which had but had three months in which to register for the first time. One member of the City Commission and one of the School Board are elected this year. Local more officials than there were several lively discussions.

Rooms of all grades are at Hotel del Coronado—[Advertisement].

WOMEN VOTERS.—MUSICIANS PLEASE

Second Day of Chautauqua and Lectures Marked by Soprano's Chorus and Dealing with the New for Preparation.

LOCAL COMMUNION.—WATTS, May 16.—General enthusiasm and appreciation of the second Chautauqua concours culminating in a series of offerings at the opening meeting. The Chautauqua opened with well-chosen selections from Fern Golitz's lyrical soprano most effectively. From "Madame Butterfly," "Spanish Serenade," "One Day in the Mountains," "Spanish Dance," and "Rose of Summer."

Now Victor Murdoch, president of the Chautauqua, has the readings of the "Times" in the first edition of the "Times" musical.

THE CITY AND ENVIRONS.

EVENTS BRIEFLY TOLD

On Mexico. H. G. Peabody will give a stereoscopic lecture on "Mexico and the Mexicans" at the First Unitarian Church tomorrow evening.

In Burbank Hall. A meeting of the Federated Improvement Association to consider business of importance will be held in Burbank Hall Friday evening.

Interesting Subject.

Dr. Edward R. Warman will speak to the students of Occidental College at 8:15 this evening. The meeting is to show how to live 100 years.

Meeting This Afternoon.

The Library Chautauqua Circle will hold its regular monthly meeting this afternoon at 1 o'clock at the home of Mrs. C. N. Newell, 1120 South Main street, instead of at the library. All members are urged to be present.

To Jovina.

Oscar C. Mueller will speak on "What Is Life?" at the meeting of the Jovian Electric League at noon today at Jakob's Tavern, No. 2214 South Spring street. Mr. Frank Romer, director of the Los Angeles branch of the John A. Rosling's Sons Company, will be chairman of the day.

Club Anniversary.

The tenth anniversary of the Harmonic Society, which celebrated their annual evening at the home of Mrs. John J. Abramson, newly-elected president, No. 2214 South Spring street, Inc., Frank Romer, director of the club, will be guest of honor, and all charter members now active in the club will assist the hostess.

Recital and Dance.

A humorous and musical recital will be given at the Albermarle apartments Saturday evening, the 26th inst., by H. Scott Leslie of London, consisting of excerpts from Dickens, King and Robert Service lyrics and songs and character sketches. The entertainment will be followed by a dance.

Smooth Performance.

A benefit performance will be given at the Y.M.C.A. auditorium Friday evening at 8 o'clock, which it is promised, will be interesting and entertaining. A nominal admission fee will be charged, the proceeds to be devoted to the Y.M.C.A. boys' camp. The public is cordially invited.

With Elect Officers.

Officers will be elected at the meeting of the Faculty Teacher Association of the Magnolia Avenue school tomorrow afternoon at 2:45 o'clock, consequently a full attendance is requested. A nominal admission fee will be charged. The program includes an address by Miss Elizabeth Wood on the need to supplement school interest in the home.

A Preparedness Talk.

"Organization of the California Engineers' Corps" will be the subject of a talk addressed by Capt. C. T. Leeds at a luncheon to be given by the American Society of Mechanical Engineers tomorrow at the Hotel Roosevelt. As the first and most interesting portion of the "preparedness" programme now before the country, a large attendance is anticipated.

City Planning.

The City Planning Association's first weekly luncheon will be held at Fogarty & Ross, No. 449 South Broadway, today noon. The programme will be consideration of the proposed map of Los Angeles, and will be directed by Dean Danes of Throop College, and will be participated in by Dr. George F. Pugh, W. W. Minee and other members of the Realty Board. Visitors welcome.

Deal with Criminals.

A meeting will be held at 8 o'clock this evening in the University of Southern California Law School, First and Broadway, of the Institute of Criminal Law and Criminology, at which Judge George W. Craig, president of the institute, will open the door for new members.

Chief of Police Silvey will speak and James H. Pope, city police court defender, will urge the need of a new City Jail.

GAS SUPPLY TO RUN OUT.

Dr. Manning Says It Will Last Only Two Weeks.

PITTSBURGH (Pa.) May 14.— Speaking before a thousand or more natural gas men who are here to attend the annual convention of the Natural Gas Association of the United States, Dr. Van H. Manning, director of the institute, said:

"Gas consumption in Washington declared that within a short time persons who allowed the fuel to go to waste would be penalized. He said that at the time of his speech the gas consumption supply could last no longer than twenty-five years.

AGITATOR DENOUNCED.**

Police Court Judge in sentencing Mexican Who Attempted to In-
cite His Countrymen to Riot Terms Him a "Shyster Spyker."

Ros Palma, the Mexican youth who attempted to arouse his countrymen to take up arms against the Americans here, in a speech at the Plaza, was sentenced to serve thirty days in the City Jail, yesterday, by Justice Julius Rosenblum. Palma was convicted by a jury.

In imposing sentence, Judge Richardson denounced young Palma as one of the most dangerous persons ever brought before his court. "Only your youth," said Judge Richardson, "excuses you and I deplore that you have associated with a certain talent and effective speaker and you have used this talent for the most base and menacing purpose."

"Today I demand the protection of society here, you have attempted to incite ignorant countrymen to despise the laws of this country and to start a rebellion. You have done this in the name of your country and of this nation, an act that could only result in their death in the hands of the authorities and the death of other innocent persons. You are a shyster spyker, preying upon the ignorance of your countrymen, and you deserve the utmost contempt of the law."

Palma was charged with disturbing the peace.

**ENJOY MIRAGE
HOTEL.**

VAN NUTS, May 14.—Every day for the past two months autodots on Sherman Way, just south of here, have been attracted by a beautiful lake, trees, flowers, shrubbery, a wide-open view. The phenomenon is visible between 11 a.m. and 2 p.m. It is thought the lake is the San Fernando Reservoir.

BUSINESS BREVITIES. (Advertisement)

the logical place for a union depot. Not only would it be the union terminus of the steam roads, but also of Pasadena and other eastern division cars of the Pacific Electric and the new Southern Pacific station could be made a terminal for the southern division Pacific Electric.

A man who believes that all the railroads of the city will come into one fine depot in the Plaza district said yesterday that terminals conditions here are by no means satisfactory to the railroads. The Southern Pacific, for instance, is apprehensive of the day when it will either have to site its tracks on Alameda street or put them below the street level. It would cost not short of \$10,000,000 to do this, though the Southern Pacific is also facing the alternative of having to get out of the business district or put its tracks into subways or elevate them. The Santa Fe and the Salt Lake also have troubles.

LOGICAL SITE.

In outlining the present situation and the prospect of a union depot being erected in the Plaza district this man said:

"Between the bluffs of Elysian Park and the bluffs of Boyle Heights in the neck through which many of our steam and electric lines enter the city, there is the only logical site for the business district and its very topography makes it, and will always make it, the undisputed property of the railroads."

"Now right up to the place where the two sets of old tracks are the Plaza and old Chinatown and a stretch of acreage which recently was acquired ostensibly for warehousing purposes, the railroads have their grade crossing menaces for which they are largely responsible.

This is the opinion held by all the experts who have examined traffic conditions in this city. Los Angeles has a great many grade crossings, and the experts to advise it and they, one and all, have agreed that the Plaza section seems to have been devised by nature for union terminals. Moreover, the experts have expressed surprise that a location possessing such obvious advantages should not have been selected for the purpose.

Dainty Dance Frocks developed in Net and Radiant lace over Taffeta. Silk and also semi-satin models fashioned in alternating bands of Silk and Lace. Exceptionally attractive at \$15.00.

Evangelist Brown Sends Hot Shot at Styles.

Sermons Full of Ginger Draw Great Crowds.

Denounces Sin in Picturesque and Strong Words.

The personality of this man—Brown, the evangelist—whose sermons at the tabernacle at Eleventh and Hope streets are stirring Los Angeles from center to circumference, is an interesting psychological study. He is a tall, thin, slender, sombre man who speaks in the rough-and-ready Billy Sunday style and throws off a pyrotechnic like this: "California is literally lousy with the has-been Christians, the used-to-be's, the all-wore-out, yard-wide, worn-torn-ravel-poor-frazzle religious people," and anon he lapses into the persuasive, pleading manner of the evangelist, and then he surprises you by suddenly soaring into lofty intellectual heights. And always, he is interesting and inspiring. His sermons are full of strong words of style to suit all sorts of people—plenty of tobacco sauce sometimes, and always lots of ginger. He rarely offends, but when he does, he takes it and then takes the sting out with that singular liberality.

It is at the morning meetings that he administers the strong meat of the gospel, when he expounds the word of God and discloses the deep things hidden in Holy Writ, throwing upon them the flash-light of his own genius and insight. His face in profile is a picture of intense earnestness; in the sine of the world hangs heavy upon his soul, but his sudden smile is as radiant as a burst of sunshine, and whenever he says something that seems to hit the mark, he laughs it and takes the sting out with that singular liberality.

SHOT AT THE STYLER.

"If women went decently clad on our streets and in our homes, one-half of the immorality that makes life in this land would be gone inside of twelve months," he declared, and this assertion brought down a storm of applause of apoplexy that swept over the great audience that crowded the big tabernacle. "Whenever we let go of money, we let go of morality," he continued, and the somber clouds of today is a shocking lack of modesty. How our boys and young men can walk the streets without having their virtue aroused is a mystery to me—in the face of the extreme style of dress for women. The god and the brute in us are close together in every human heart."

Going on in his arraignment, he denounced in emphatic and picturesque language the sins of the profane and the "multitudes of men and women," he said: "They are deserting the standard of Jesus Christ through the lure of gold in this age when the dollar looks like a million dollars."

There are millions who have lost their grip on God through their greed in gathering gold. When Horace Greeley said that the world was the big round coin on which sat the words, "In God we trust" is the almighty dollar, some thought it was the last straw, but it is true. The most pitiful man on the judgment seat is the man who has grabbed, and grabbed, for gold, until he is utterly bankrupt.

All the religion-some folks have is a religion of the head. We have stressed education, and culture, and polish to such a degree that if some people could have it, they could lose all the religion they have; they have developed a case of religious big-head. When a horse gets the big-head he does not know people get it, even though around him people get it. You'll never, never, never in this world get anywhere in religion until you get it clear down in your bones."

AT SCHOOLS AND FACTORIES.

Last night the brotherhoods of the different churches and the women's organizations sent big delegations to the meeting. This afternoon, Dr. C. L. Smith, who is one of the company of speakers, will speak at the Knox Presbyterian Church to the Manual Arts Club girls, and tomorrow at the same hour will speak to the girls of the Los Angeles High School, while Mr. Smith will hold meetings at several factories down town.

Dr. C. C. Seeleman, pastor of Trinity Church, wired Evangelist Brown yesterday from the East: "I am looking for the greatest revival in Los Angeles ever known. Please bring you by Thursday night to the East for the next month."

Tomorrow night at 8 o'clock Brown and Curry will be the guests of the Brotherhood of the First Methodist Church at Sixth and Hill streets, at a dinner given in their honor, after which the entire body will adjourn to the tabernacle to the evening service.

"The Devil and Temper" will come in for consideration tomorrow morning at the 10 o'clock meeting.

This afternoon at 2:30 Brown and Curry will speak to children at the Vermont Square Church and tomorrow at the same hour he will speak to little folks at the Union Avenue Methodist Church.

MINER DIES BY BLAST.

George Appel of this City loses life in Atolia Explosion.

The failure of George Appel of this city to heed the warning of an old-time prospector at Atolia, Cal., yesterday cost the life of the miner.

A blast in a mine failed to detonate, but exploded later when the shaft to investigate.

The shaft to the mine was the death of the miner.

The explosion occurred at the Atolia Mine, where the miners were working.

Maids in Dress of Caesar's Day.

Successful.
OLIVE-CROWNED QUEEN.

Second Annual "Olive Day" Celebration Featured by Distribution of Five Thousand Gallons of Fruit by Country Hotels and Cafes.

More than 5,000 gallons of California olives were distributed in the hotels, dining-cars, cafes and restaurants of the country yesterday, as part of the second annual celebration of Olive Day. About 150 grocers had the precious fruit given away in Los Angeles alone.

The celebration here yesterday was more successful than that of last year. Olive Day in 1915 was held in March, but it concluded on Orange Day, so it was decided to have Olive Day in May this year and each year hereafter.

Olives were given away at Bullock's, Harlow's, Wilshire Street Store, the Broadway Manufacturing Store, Harlow's Cafe, McKee's, the Bristol, Johnnie's Tavern, the Van Hollenbeck and Hoffmann cafes. The Advertising Club celebrated the occasion with an Olive Day menu and a little olive oil car at the entrance.

The railroad men who yesterday served olive menus were the Denver, Rio Grande, Salt Lake, Southern Pacific, Western Pacific, Rock Island, Northern Pacific and Great Western.

Finds.
ENDS LAND CONTEST.

Secretary of Interior Sustains Local Land Office Claims in Dismissing Case Growing Out of Filing on Imperial Valley Acreage.

Register Roche and Receiver Mitchell of the local Land Office have been affirmed by the Secretary of the Interior in his decision in the Imperial Valley case.

Wallbourn yesterday, who gave judgment for Dr. Hollingsworth in the sum of \$5, holding that it is the duty of the court to award the land to the water company, said Raymond had purchased but eleven acres because sixty other parties of the shop had urged at ridiculous prices and mocked him.

Wallbourn yesterday, who gave judgment for Dr. Hollingsworth in the sum of \$5, holding that it is the duty of the court to award the land to the water company, said Raymond had purchased but eleven acres because sixty other parties of the shop had urged at ridiculous prices and mocked him.

But the local officers, the commissioners of the Land Office of the Interior held otherwise and dismissed the contest and in addition allowed Raymond until 1918 to prove up on the land.

OPPOSES EXTRA COURT.

Appellate Justice Says Cost Would Far Exceed Results.

Associate Justice Elijah C. Hart of the Third Appellate District of California, with headquarters at Sacramento, is here on a short visit.

Yesterday he voiced his strong opposition to the proposed extra court.

The Automobile Club of Southern California is co-operating in every particular with the members of the production. The club is directing many people to the amphitheater, and through their touring information bureau are handing out information on how to reach the open-air theater, regarding parking space after they get there, etc.

JUDGE VAN FLEET HERE.

United States District Judge W. C. Van Fleet of San Francisco is here holding court in Judge Blodgett's department this morning, and it is expected that he will continue until Friday.

He will take his place for a conference period, while Judge Blodgett is threshing out the oil cases.

TALK AND ACT.

Members of New Order are Learning Spanish That They May Be Better to Understand the People of Other Parts of America.

Los Angeles Teocalli of the Hidalgo Chapter of the New Order has been invited and is to speak on learning the Spanish language will be held Tuesday and Friday evenings at 7:30 o'clock in the auditorium of the Times Building.

Dr. J. Ziegler Uribe, president of the chapter, and Dr. Jose Tocalli, and his associates will furnish instructions free of charge to members, their wives and daughters.

I have explained that by education I am a dentist, and that my life work is dentistry. The American will tell you that I have not the constitutional right to practice dentistry in this country, while the original Medicine Man in the tribe is allowed to practice dentistry.

What I mean is that the American dentist is not allowed to practice dentistry in this country, while the Indian dentist is allowed to practice dentistry in this country.

What I mean is that the American dentist is not allowed to practice dentistry in this country, while the Indian dentist is allowed to practice dentistry in this country.

TREND OF THE FINANCIAL NEWS.

CHIEF EVENTS OF YESTERDAY.
(At Home:) Increased gold imports from Canada are a feature in financial circles, this coin coming in payment of recent exports. The general tone of the securities markets is strong, with a tendency, however, to take profits because of high prices. This is especially true in steel and rails, with a smacking in munitions. Reports of damage by fire in the Kansas wheat fields have caused that grain to advance. Wage increases are announced by many large industrial corporations.
(For details see financial pages.)

THE ELLIS ISLAND SONG.
The new immigration law, pending in Congress, will not exclude persons of "constitutional psychopathic inferiority" from the United States, unless they are also unable to read, write or cipher, in which event they will, however, well-muscled and morally uplifted, be excluded, while the deserving Democratic inspectors at Ellis Island sing:

"Here's to the American eagle,
The proud bird of freedom all hail.
Whose wisdom your tongue can't invent
Or put salt on his beautiful tail."

IF THEY CHARTERED.
If the voters of Los Angeles should be overtaken by an acute mania and, while under its influence, should vote to adopt the new charter it may be expected that the Councilmen whose power, under the operation of Section 22, Article I, will be increased from \$60 to \$75 per week, will, under the same section, pension a favored city official by allowing him, say, \$100 per month for himself and as much more for his "dependents," and the Council will also, under the provisions of Section 46, Article I, loan him out of the proposed remedial loan fund \$1,000 without security, to enable him to buy an automobile with a year's supply of gasoline.

A WE CELEBRATE.
In Leeds or Manchester in England the citizen who wishes to go anywhere on Christmas Day must walk, for street-car service is suspended, and if he is called upon to sit up with a sick friend he must perform that service before 11:30 p.m. or after 5 a.m., for no trolley tools its warning or turns its wheels between those hours.

Would the citizens of Los Angeles stand it to be compelled to walk home from the theaters or be deprived of their opportunity to honor the birthday of their Redeemer by attending a baseball match or an auto race?

BALLOTS, NOT BULLETS.
About the only "country" in the world which is holding elections nowadays is the United States. Great Britain, Canada, France, Germany, Austria and Italy are paying more attention to bullets than to ballots. Though they may be deferring their elections until more peaceful times, the United States is holding enough contests to satisfy the whole world. What with primary elections, the general election, bond elections and every kind of election that can be imagined, the people of this country are engaged in a continuous battle of bullets the most satisfactory thing about which is that no ambulance corps is required. All the shooting is done with the mouth.

SECOND-HAND UNIFORMS.
The British government has forbidden the sale of second-hand military uniforms. Too many gentlemen who hesitated to enlist were nevertheless found willing to purchase a second-hand uniform and冒充 as a returned war hero, thus getting all the esprit and none of the danger.

One sinner, who was prosecuted, artfully assured the authorities that he only used his uniform to wear to the theater, because civilians in plain clothes were so unpopular at houses of amusement. On the other hand, many amusements admit soldiers in uniform now on certain nights, and "I did not think there was any harm in taking advantage of that."

LAW THROES.
Law terms are sometimes confusing. When you read that the United States government has "libeled" a schooner for violation of the neutrality laws, that does not mean that President Wilson—who is the United States, in his own opinion—has printed words untruthfully charging the schooner with murder or theft, or of looting up like a Jackass, or with resembling Hiram Johnson.

When you read that in a Honolulu court a lady has sued a libel against her husband, that does not mean that she calls him an ignoramus, but that she is seeking redress from marital infidelity and a chance to "try again" with somebody else by means of a divorce.

WAR EXIGENCIES.
The government of France has prohibited the importation of parts of autos, for until the war is over Frenchmen should wait. It has prohibited the importation of photographic apparatus, for no Frenchman should have his picture taken until times improve. It has prohibited importation of perfumery, for the natural smell of a French lady is good enough for anybody, and it has prohibited the importation of soap, cotton hose, gloves or musical instruments, for until this cruel war is over no loyal Frenchman will wash himself or cover his feet or hands or need a fiddle, a harp or a piano to help him chant—

"Ye sons of freedom, wake to glory!"

FOOLISH MOVE FOR THE CITY.
As a by-product of its splendid municipal aqueduct system our city of Los Angeles is possessed of a wealth of undeveloped electrical power. Now comes the crucial question whether this asset shall be conserved and made profitable through a wise business policy or whether it shall be frittered away in vain attempt to "get even" for fancied grievances which certain citizens hold against the existing electric light and power companies. It has developed into a combat between passion and prudence, between jaundice and judgment.

History has written as the epitaph of the nineteenth century the word PROGRESS; in the sixteenth year of the new century we find ourselves in the midst of a retrograde movement. Passion has usurped the seat of judgment and over three-quarters of the globe the terms might and right have again become synonymous. While Los Angeles has not yet been drawn into this vortex, we have, nevertheless, felt the breath of the loosened winds of passion. We have made a splendid municipal record in securing our water system and developing it by bringing the snows of the mountain tops to the once parched lips of our now rose-entwined municipality. But the power that makes can also mar. We have not achieved this result without a struggle; every home in Los Angeles has been mortgaged, and mortgaged heavily; we are now paying a half-million dollars a month in direct taxes and a second half-million in special assessments. This means an average tribute of \$6 a month from every bread winner in the city of Los Angeles; it means that the average producer contributes five weeks' work out of every fifty-two in payment of municipal taxes and special assessments. Is this load so light that we can afford to increase it with further bonds to be redeemed and further taxes to enable a few disgruntled ones to cry R-E-V-E-N-G-E.

That a policy of duplicating electric light or power for municipal peddling would be ruinous is so fundamental a proposition that affirmative argument is almost superfluous. One of the ideals of our American commonwealth has been to render the terms public business and good business synonymous. Under such action as this proposal contemplates they would become opposites. Power is conferred upon the State Railroad Commission by statute to prevent such duplication by private companies, and the present commission has established a fixed rule that no new power company may invade the territory supplied by an existing company. The reason for this is elementary; the Railroad Commission fixes the rates for service of the light and power companies, the commission knows that duplication is a needless expense that would affect injuriously the net earnings of each company by rendering service more expensive—hence the inhibition. But a municipality is placed by statute outside the jurisdiction of the Railroad Commission; if a municipality wished to squander its patrimony and pile up its taxes the Railroad Commission cannot interfere.

A reference to the State law reveals that the city can secure the lines of the existing companies through legal proceedings; the price at which the property shall be taken over being fixed by the Railroad Commission. The present city charter confers ample authority for the city either to lease the lines or to form a partnership arrangement with the existing companies. This fact reduces the proposed parallel to the level of one who would build a spit fence to gratify a private grudge for which there is no legal redress. There is a statute prohibiting the construction of spit fences by private individuals, but a freeholder's city is above the law.

There is a State statute, however, which fixes a limit of bonded indebtedness for real and personal property, and Los Angeles is near this limit. The city is not financially able to parallel existing service at this time, and if our increase in assessed values in the near future would permit this, we would still be unable to make the necessary extension.

But suppose the lines were built; then would come a ruinous competition with the existing companies; heavy losses for the city would inevitably follow, to be made up by more taxation on suffering property-holders. This has been thoroughly tried elsewhere. A few years ago the city of Glasgow, that wonder city of the municipal Socialists, tried this experiment with its telephone service. Not liking the price asked by the private companies for their holdings, the city sought to duplicate them. After five years of ruinous competition, during which the city was reduced to the extremity of placing its pay stations in public lavatories to save rent, the competition ended by the city selling its telephone service for the cost of construction, making up the loss out of the taxes. This is the result of such competition on the part of a city that is heralded as having made a success of municipal Socialism on the part of a people whose honesty and economy are proverbial. Are political conditions in Los Angeles such that we could hope for a more happy ending?

Municipal Socialism under the most favorable circumstances fails much oftener than it wins. The most corrupting influence in Philadelphia politics in the last twenty years has been its municipal gas works. Last year it wrecked Philadelphia's reform administration. The reformers had promised to give the people 75-cent gas. But when the Council had passed the enabling ordinance the reform Mayor was forced to veto it because it would have meant a loss of nearly \$1,000,000 in revenue, and there was no way to make up the deficit except by a direct tax. The taxpayers got the scalp of their reform Mayor at the last election, but they didn't get 75-cent gas. Chicago has found it more profitable to lease its railway lines than to operate them. The cost of operation of the municipal railway lines in San Francisco is 30 per cent greater than the average cost of operation by private companies. In our undeveloped electrical power we have a highly valuable asset; that is the substance. Are we collectively so credulous as to loose a shadow? Is it not time to call a halt?

When one girl says of another, "She has a good face," it means that she would be more complimentary if it were not for the perverseness of the sex. It is the least that she can say.

Hoping It Will Strike.

STREAKS OF WIT.

Deals in Futures.

[Washington Star:] "What's your idea of a party leader?"

"A party leader," replied Senator Borgham, "is a man who finds out what the people want."

"And then gives it to them?"

"No; promises it."

Success at Last.

[Baltimore American:] "We have evolved a standardized bridge prize for all our afternoon affairs."

"What is it?"

"A boiled dinner in a can. It keeps the wives happy and their husbands from scolding."

Afraid of Water.

[Washington Star:] "Does your husband believe in prohibition?"

"About the same as he does in ghosts. He admits that there might be such a thing, and the mention of it scares him dreadfully."

The Attraction that Attracts.

[Boston Transcript:] She: So you are engaged to Miss Baggie. I'm sure I can't see anything attractive about that woman.

He: Neither can I see it; but it's in the bank, all right.

Everything But Home.

[Baltimore Post:] "Flubdub home seems badly neglected."

"Well, his wife is interested in prison reform, better roads, pure politics and clean plays."

A Real Entertainment.

[Louisville Courier-Journal:] "I understand that Mrs. Flubdub entertained some of her neighbors informally yesterday."

"Yes, and her cook had a quarrel on the front porch."

The Looks that Count.

[Passing Show:] Fond Mother (proudly): And do you think 'she' looks like 'is father'?

The Soldier (sympathetically): Don't you let that worry you, Mrs. McCarthy, so long as 'e's healthy.

The inevitable Result.

[Detroit Free Press:] "There must have been a terrible struggle," said the detective, "to leave fingerprints on every wall and door."

"Struggle, nothing," said the head of the house. "We have four children and the only place you'll find fingerprints is on the ceilings."

Don't Look so Good.

[Harper's Weekly:] The Wife: Isn't that your eye doctor?

The Husband: I thought so until he sent me in his bill. He's a skin specialist.

RIPPLING RHYMES.

Dandelions.

Upon my lawn, I know not why,

the dandelions thrive; the grass

may all curl up and die, but they'll

remain alive.

I've tried about a

million plans to have the vile things

stain; and all the schemes were

also-rans, and all my efforts vain.

The fair petunias that I bought at

fabulous expense, the sweet begonias

that I brought and planted by

the foot, the tulips from the Netherlands

all have died.

But still the dandelion stands,

disdaining the health. My vine and

figtree withered, the rosebush

passed away, the fern that grew in

yonder jar shows symptoms of de-

cay; the lilac, when the nights were

cold, turned up its tender toes and

still the dandelion stands in spite

of yellow shows.

If dandelions were desired, if they would bring in mon, if every gardener aspired to raise them by the ton they'd make a specialty of death, they'd languish from their birth and shrivel at the slightest breath and perish from the earth.

WALT MASON.

Can See Beyond Johnson.

[New York Evening Post, Ind't.]

The smashing victory of the Regu-

lar Republicans over the United

Democrats in California primaries

is a distinct defeat for union

labor, leadership of Hiram Johnson.

The Governor had endorsed the

United Republican candidates

for delegates to the Republican con-

vention at Chicago.

Johnson's

successor in the state

will be

John T. Williams.

Williams

is a

member of the

Senate.

QUESTION HERE.

The Fremont may be said to

have won its own game, or rather,

was part of the game which

he won.

The fact is that he

promised that he

would

not be

overruled.

IN THE FIELD OF SPORTS

WEDNESDAY MORNING, MAY 17, 1916.—4 PAGES.

MAY 17, 1916.—[PART II.]

PEN POINTS BY THE STAFF.

Some people call it getting others think it merely a case of getting more sense.

In the matter of dispensing the higher the salary the more the charity. Eh, what?

Elliott Root is 71. If he got that nomination old Doc would look like a Villa dollar bill. It is said to be too strong.

The latest at the local drug store is called the "O-Hen" salve. It is said to be too strong.

It is announced that the second year ahead of Gen. Santa Anna only had a log and a half.

The short skirt will continue to wear next fall, says fashion's do-it-yourselfer that the decree was passed and signed by a mere man.

Senator Harding is practicing that keynote so that everybody will strike the G string together. There will be no room for discord or vagueness.

The lower house has adopted resolution to the effect that there shall be no more leaves to take. The habis was an abuse and costly.

The City of Mexico was to receive Venustiano Carranza on the occasion of his first visit to the capital. Wonder what the show cost him?

If there is anything more spurious than being a favorite it is the lack of strength in the ranks of athletes. Also, the price must have increased because of the fans. Otherwise, most of them might not have been able to lamp it. It is as much as cheap as the job of a President.

The average man or woman always have trouble in this world. They can't have it, any other way. They will naturally look around and find some.

RARE FOR HAM.

The one side had followed the early days of baseball played by kicking the ball a couple of times. Vernon was the star of the show.

The fact that the supply of the Vernon bunch was not enough to drive Ham's men out of the game.

Rowdy was long enough to hold his own with a powerful swing.

The third was a self-defense demonstration on the part of Dalton.

In the fourth, Hoppe was drossed, but he kept up his shower of blows and although they were several times when it looked as if Dalton would go down for the count.

The fifth was a self-defense demonstration on the part of Dalton.

In the sixth, Hoppe was drossed, but he kept up his shower of blows and although they were several times when it looked as if Dalton would go down for the count.

The seventh was a self-defense demonstration on the part of Dalton.

In the eighth, Hoppe was drossed, but he kept up his shower of blows and although they were several times when it looked as if Dalton would go down for the count.

THE EVIDENCE.

Here is the evidence in the case, and the nature of the crime:

Through bum fielding, by Ruth Gardner and a subsequent rally, Vernon took the lead, 6 to 5, in the eighth. This was something calculated to peevish any manager.

In the ninth, Oakland tied the score at two apiece. Then, in the twelfth, Hoppe bawled over nothing. He was wanted and was making ready to do his duty.

EVERYWHERE REPUBLICAN.

There are no mountain lions in the Angeles National Forest, but as we were going ready to do our bit of mountain lioning, we

met a girl who may be said to be the sort of the game which she does love to walk the street with plain ones. She will be the first to tell you that everybody will notice her.

What a meaningful name is the brand that will be selected Chicago. None others need stand.

What a meaningful name is the presidential primary is proving in practice! How the Times intended for intimates in 1912 exactly what has happened ever since!

The New York Herald refers to the handball. Some of us like to be more than enough.

Why not? Some horse thieves and every body will know the idea that is involved in a convey.

Away down in Georgia the law enforcement here, and it is simply impossible to be more than enough.

Anybody is fit for a drink of water in the State capital, white folks.

Gov. Johnson says he is not one if there should be a draw. That's what III says, it will be the first to do a tail hold on the running hand wagon.

to receive Venustiano Carranza on the occasion of his first visit to the capital. Wonder what the show cost him?

If there is anything more spurious than being a favorite it is the lack of strength in the ranks of athletes. Also, the price must have increased because of the fans. Otherwise, most of them might not have been able to lamp it. It is as much as cheap as the job of a President.

The average man or woman always have trouble in this world. They can't have it, any other way. They will naturally look around and find some.

RARE FOR HAM.

The one side had followed the early days of baseball played by kicking the ball a couple of times. Vernon was the star of the show.

The fact that the supply of the Vernon bunch was not enough to drive Ham's men out of the game.

Rowdy was long enough to hold his own with a powerful swing.

The third was a self-defense demonstration on the part of Dalton.

In the fourth, Hoppe was drossed, but he kept up his shower of blows and although they were several times when it looked as if Dalton would go down for the count.

The fifth was a self-defense demonstration on the part of Dalton.

In the sixth, Hoppe was drossed, but he kept up his shower of blows and although they were several times when it looked as if Dalton would go down for the count.

THE DODGERS WIN AFTER FOURTEEN INNINGS OF WILD AND WOOLLY BASEBALL.

NO CHANCE TO GET ZEB BACK.

[DIRECT WIRE—EXCLUSIVE DISPATCH.]

BOSTON, May 16.—There was a rumor going the rounds here this morning that Los Angeles was figuring on getting Young Terry of the White Sox back on their team. Manager Rowland soon put a quietus on this yarn when it reached him by saying that he had never thought of canning the youngster. He could not get rid of him very well at the present time, for Zeb is the only utility infielder left since George Moriarty went away. The report was credited to the fact that the Angels had sold Bob Fisher to the Cincinnati Reds. However, there is one report gaining headway among the Athletics, and that is about Fritz Molivitz becoming a member of the Sox before another week is over. All the players believe it and the manager is noncommittal, although he admits Molly might help out the infield situation when a left-hand pitcher is working, in that he is a right-handed batter. This story was first announced in the Herald two weeks ago.

BUCKET OF OLIVE OIL.

Not only did this quench their thirst, but it helped out the slow digestion. Also it made them sick so that they could slide into bases more smoothly.

But with all these things symbolic of the day, one important thing was omitted, towit: an olive branch.

Had there been one of these emblems of peace dangling about the neck of the Elkhorn night before, it would have done a good deal to help out the fact that somebody had slipped a green, unpeeled olive into Rowdy's rations and that was what saved him. This resulted in a little more leniency on the part of the manager.

Rowdy became enraged and broke out all over with anger. In the nick he did the "rough" act on the ball. Mattick tied him up and later heaved the ball at his bean.

It was feared for a time that Rowdy had hydrocephalus, but this proved to be true. However, he developed a fact that somebody had slipped a green, unpeeled olive into Rowdy's rations and that was what saved him. This resulted in a little more leniency on the part of the manager.

STEVE SHOWS.

In the second, Dalton showed his best. He staggered Hoppe with a stiff right from the shoulder and got over a left swing on the ear, but Hoppe was as fast as ever and there were several times when it looked as if Dalton would go down for the count.

THE THIRD.

The third was a self-defense demonstration on the part of Dalton.

In the fourth, Hoppe was drossed, but he kept up his shower of blows and although they were several times when it looked as if Dalton would go down for the count.

THE FIFTH.

The fifth was a self-defense demonstration on the part of Dalton.

In the sixth, Hoppe was drossed, but he kept up his shower of blows and although they were several times when it looked as if Dalton would go down for the count.

THE SIXTH.

The sixth was a self-defense demonstration on the part of Dalton.

In the seventh, Hoppe was drossed, but he kept up his shower of blows and although they were several times when it looked as if Dalton would go down for the count.

THE EIGHTH.

The eighth was a self-defense demonstration on the part of Dalton.

In the ninth, Hoppe was drossed, but he kept up his shower of blows and although they were several times when it looked as if Dalton would go down for the count.

THE TENTH.

The tenth was a self-defense demonstration on the part of Dalton.

In the eleventh, Hoppe was drossed, but he kept up his shower of blows and although they were several times when it looked as if Dalton would go down for the count.

THE TWELFTH.

The twelfth was a self-defense demonstration on the part of Dalton.

In the thirteenth, Hoppe was drossed, but he kept up his shower of blows and although they were several times when it looked as if Dalton would go down for the count.

THE FOURTEENTH.

The fourteenth was a self-defense demonstration on the part of Dalton.

In the fifteenth, Hoppe was drossed, but he kept up his shower of blows and although they were several times when it looked as if Dalton would go down for the count.

THE SIXTEENTH.

The sixteenth was a self-defense demonstration on the part of Dalton.

In the seventeenth, Hoppe was drossed, but he kept up his shower of blows and although they were several times when it looked as if Dalton would go down for the count.

THE EIGHTEENTH.

The eighteenth was a self-defense demonstration on the part of Dalton.

In the nineteenth, Hoppe was drossed, but he kept up his shower of blows and although they were several times when it looked as if Dalton would go down for the count.

THE TWENTIETH.

The twentieth was a self-defense demonstration on the part of Dalton.

In the twenty-first, Hoppe was drossed, but he kept up his shower of blows and although they were several times when it looked as if Dalton would go down for the count.

THE TWENTY-SECOND.

The twenty-second was a self-defense demonstration on the part of Dalton.

In the twenty-third, Hoppe was drossed, but he kept up his shower of blows and although they were several times when it looked as if Dalton would go down for the count.

THE TWENTY-FOURTH.

The twenty-fourth was a self-defense demonstration on the part of Dalton.

In the twenty-fifth, Hoppe was drossed, but he kept up his shower of blows and although they were several times when it looked as if Dalton would go down for the count.

THE TWENTY-SIXTH.

The twenty-sixth was a self-defense demonstration on the part of Dalton.

In the twenty-seventh, Hoppe was drossed, but he kept up his shower of blows and although they were several times when it looked as if Dalton would go down for the count.

THE TWENTY-EIGHTH.

The twenty-eighth was a self-defense demonstration on the part of Dalton.

In the twenty-ninth, Hoppe was drossed, but he kept up his shower of blows and although they were several times when it looked as if Dalton would go down for the count.

THE TWENTY-NINTH.

The twenty-ninth was a self-defense demonstration on the part of Dalton.

In the thirtieth, Hoppe was drossed, but he kept up his shower of blows and although they were several times when it looked as if Dalton would go down for the count.

THE THIRTY-FIRST.

The thirty-first was a self-defense demonstration on the part of Dalton.

In the thirty-second, Hoppe was drossed, but he kept up his shower of blows and although they were several times when it looked as if Dalton would go down for the count.

THE THIRTY-THIRD.

The thirty-third was a self-defense demonstration on the part of Dalton.

In the thirty-fourth, Hoppe was drossed, but he kept up his shower of blows and although they were several times when it looked as if Dalton would go down for the count.

THE THIRTY-FIFTH.

The thirty-fifth was a self-defense demonstration on the part of Dalton.

In the thirty-sixth, Hoppe was drossed, but he kept up his shower of blows and although they were several times when it looked as if Dalton would go down for the count.

THE THIRTY-SEVENTH.

The thirty-seventh was a self-defense demonstration on the part of Dalton.

In the thirty-eighth, Hoppe was drossed, but he kept up his shower of blows and although they were several times when it looked as if Dalton would go down for the count.

THE THIRTY-NINTH.

The thirty-ninth was a self-defense demonstration on the part of Dalton.

In the forty-first, Hoppe was drossed, but he kept up his shower of blows and although they were several times when it looked as if Dalton would go down for the count.

THE FORTY-FIRST.

The forty-first was a self-defense demonstration on the part of Dalton.

In the forty-second, Hoppe was drossed, but he kept up his shower of blows and although they were several times when it looked as if Dalton would go down for the count.

THE FORTY-SECOND.

The forty-second was a self-defense demonstration on the part of Dalton.

In the forty-third, Hoppe was drossed, but he kept up his shower of blows and although they were several times when it looked as if Dalton would go down for the count.

THE FORTY-THIRD.

The forty-third was a self-defense demonstration on the part of Dalton.

In the forty-fourth, Hoppe was drossed, but he kept up his shower of blows and although they were several times when it looked as if Dalton would go down for the count.

THE FORTY-FOURTH.

The forty-fourth was a self-defense demonstration on the part of Dalton.

Killing of Tennis Bars High School Girls from their Last and Only Form of Athletics.

Fair Question.

WHY BAR GIRLS FROM COURTS?

Tennis Their Only Form of Exercise at Present.

It is the Very Best Way of Being Healthy.

May Sutton Bundy Explains Just Why.

BY HOWARD ANGUS.

The modern high school girl has been forbidden to play. When the vice-principals put the ban on tennis, they took away from girls the only game left them. Whether girls can play or not, may seem unimportant. But it's vitally important. Play is exercise and exercise means health and the lack of it, disease.

Since the world began there has been only one way to build up the body—the blood and the pores in the surface of the skin have been by exercise. If anybody believes that the body does not need exercise, let him go to bed for a month and then look at what it has done to him.

VERY FOOLISH.

What seems especially foolish about all these rules and regulations that are making a hothouse flower out of the girl, is that the same people who are doing all that they can to cut her out of doors, are only the athletic field for exercise. They admit that men must build up physically to be healthy and that exercise is out of the out-of-doors except as a sport.

Nobody seems to understand just what the heads of the high schools were driving at when they want to put the modern girl in the same class as the Chinese woman of fifteen years ago who had her feet bound to make her useless.

It is hard to understand why they should pick on tennis. As an exercise and a body builder, it is the greatest sport that a woman can enjoy.

GREAT GAME.

"The very idea of that voting out tennis is silly," said Mrs. May Sutton Bundy. "Tennis is one of the greatest exercises and health builders for a woman. Perhaps if carried to excess, it would be bad, but not one of my sisters or I have ever been seriously ill."

The girl with a weak heart ought not to play tennis, for the same reason that she ought not to walk and it would be easy to overtax the heart.

There is nothing unwomanly or unladylike about the game. It is just good health. Blood-airing walking and sport.

Nobody who has ever seen Mrs. May Sutton Bundy play can say that she is good at tennis. She is not graceful. Miss Mary Browne plays more nearly the same game as a man, and is anything except graceful.

MAURY DAY.

Maurice McLaughlin went even further than Mrs. Bundy. He said that the modern woman is positive and awkward because she does not take exercise.

"The modern girl is graceful on the dance floor," said the famous player, "but the moment she is out of doors she becomes clumsy and ungraceful. Touches pose and balance. They are two of the essentials of the game."

The distinguished woman I know plays tennis, and the four hundred little children that I have ever seen are the two hundred children and the two thousand youngsters, the children of May Sutton and Hazel Hutchins.

MUCH NEEDED.

The question of exercise has become especially imperative for women in this day and generation. She has practically no exercise. If she does not do all the heavy work, a woman is seldom called upon to even walk unless she goes to work.

In the days of large families, and reduced food farms, women used to get all the exercise they needed to be healthy, and then some.

Now, in the days of small families and reduced food farms, women used to devise special ways to get the exercise required to keep them healthy. And above everything else, these women realize that hothouse flowers may be beautiful and lily white, but all that they are good for is show purposes. Women are not born to live like flowers in an eastern hothouse, or like bananas on one of our own daintily-guarded banana trees? It can't be done.

Let the vice-principals better decide whether they want healthy girls in their high schools of the powder-puff variety.

HARRY BURNS TO BE WRESTLING PROMOTER.

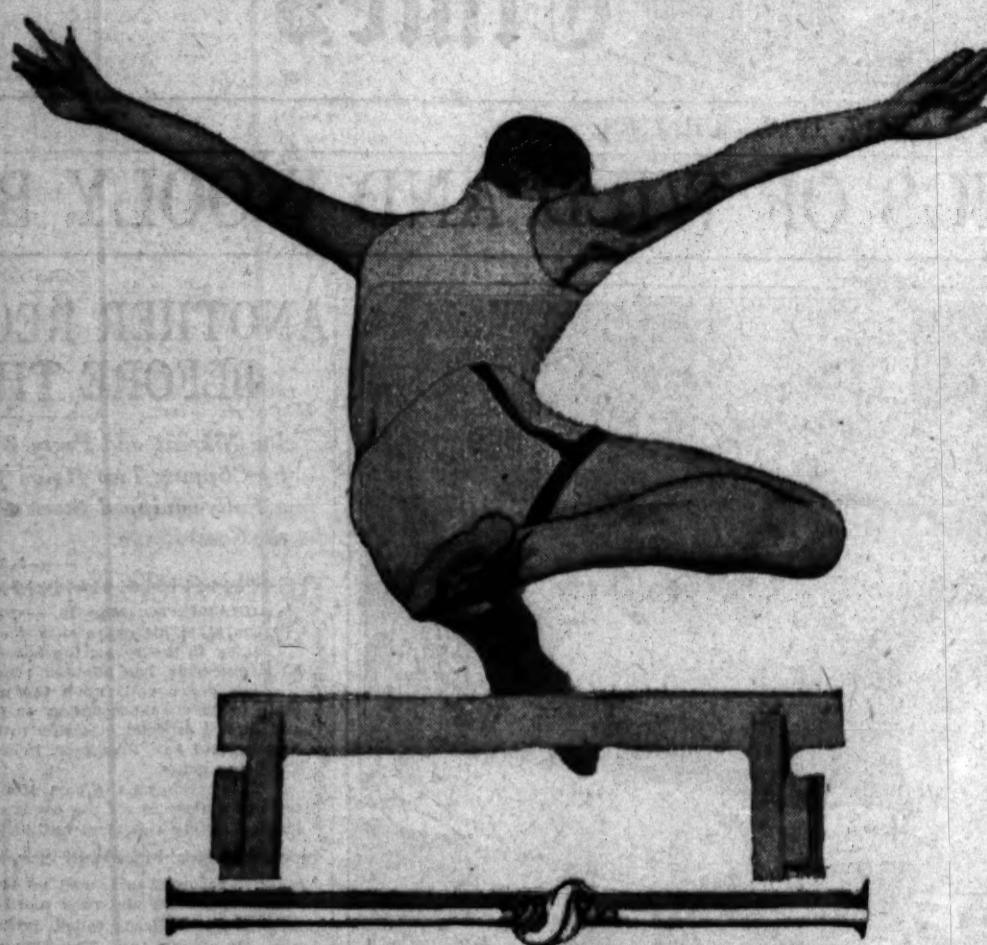

Harry Burns has turned promoter and easily seems to be the Tom Morris of wrestling. For some time he has been in the Karpis-Loring Christiania wrestling match. The two grapplers will meet in Shaws old pavilion at Venice on Saturday night.

The men of the wrestling are now to Venice sporting around the sand. Christiansen, like most Swedish athletes, is an exceptionally good wrestler, and is winning most of the time in the water.

Venice is behind Karpis in this match against the Swedish giant. The two fighters have had little time in Venice for two months and has become a son of the city by adoption. Many a Venetian thinks Karpis cannot be thrown.

Christiansen has arrived from San Francisco. Nobody is acquainted with him yet. All they know is that he is a husk with a record of finishing all opponents in short order.

One of the big department stores of Philadelphia is using the roof of its structure as an athletic field for its employees who represent it in amateur athletics.

A rear view of Meredith House, the wonderful Stanford freshman, who set a new Coast record of 22.45 seconds in the 220-yard hurdles on the Stanford track last Saturday. This is the view by which House will be most easily recognized by the eastern low hurdlers, according to Stanford rosters.

GREAT STANFORD TRACK SQUAD LEAVES FOR EASTERN CONTEST.

(By A. P. NIGHT WIRE)

SAN FRANCISCO (Cal.). May 16.—The Stanford track team of twelve track and field athletes left here today for Ann Arbor, Mich., and Cambridge, Mass., to compete next Saturday in a dual meet with the University of Michigan and on May 26 and 27 in the Intercollegiate Amateur Athletic Association's Eastern Track and Field Championships at Cambridge. It is the farthest East a Stanford track team has ever competed.

Accompanied by John Reynolds, Uciah, Cal.

student trainer, the athletes making the trip are:

Spring—Morris Kirksey, Palo Alto; Calif.; Frederick Murray, Palo Alto; Calif.;

Pole vault—Wright Lynn, Holbrook, Cal.

Javelin—H. V. Apperle, Grand Junction, Colo.; Eugene Schenck, Mile—P. R. Wilson, Portland, Or., H. V. Apperle.

High jump—Frederick Murray, John Norton, Palo Alto; Meredith House, Riverside.

Shot put—Reginald Caughey, in the high hurdles.

High jump—Harry Lachmund, Palo Alto.

High jump—William Simon, Phoenix, Ariz.

Pole vault—Chester Wilcox, Long Beach, Cal.

High jump—H. V. Apperle, Grand Junction, Colo.; Eugene Schenck, Mile—P. R. Wilson, Portland, Or., H. V. Apperle.

High jump—Frederick Murray, John Norton, Palo Alto; Meredith House, Riverside.

MAY 17, 1916.—[PART III.]

WEDNESDAY MORNING.

of Athletics.

BOB FISHER A STRANGE CASE.

He Caught Make Good with the Scraps.

He Tanked Back into the Majors.

He Deliberately Throw Chance Down?

BY HARRY A. WILLIAMS.

Bob Fisher has departed, vanished, disappeared, by which to remember a train of bitter recollection and a host of interesting alibi speculations.

QUEER THING.

In addition to practically running the Los Angeles baseball team, Bob F. presents one of the most anomalies of baseball. He left the team by leaving it, not rather because he didn't leave it. And at the same time we see the strange spectacle of a ball player who has been tanked back into the majors because he hit such poor ball the other day. These things are not said to amuse us, we do not feel it would arise and cause Bob for us.

It is his fourth trip to the majors. The other three occasions he has been tanked back into the minors on his way now because he was wretched ball.

REASONABLE.

Obviously, it is said, brought him up last year's record. This doubtless is true, for there is certainly nothing in his record this year to such action.

Fisher is advanced for

the failure with the Angels

of them is physical and the

other physical, neither of

which is a fact of life.

The trouble is that he may have

no place for his release.

Assuming that Fisher was trying

to get away from his trouble in getting started.

George Kehler came through nicely in his first appearance as an Angel. He did not score, but he did go all the way, and in this he didn't disappoint anybody, for he was the best in the game regularly for more than six months. He pitched great ball for seven innings.

Jones lifted a high fly to Maguire, Woytovich, batting for Sepulveda, and hit the ball to second, only

to have the ball go over the fence.

Brown beat out an infield single.

Fitzgerald poled a three-bagger to center field. Schaefer, next up,

had been hit twice all afternoon, but with usual dash and

there was the possibility of a walk with the dangerous Jerry

Downs coming up behind him.

Fitzgerald was able to figure this out, but he was still left-handed.

He had rather an unfortunate day in the field yesterday.

Kehler, however, was good enough in the eighth on Matlock's Texas League, Ruth might

not have gone after it. In that

event there probably would not

have been any extra inning game.

TOUGH JOB.

and Shipped from Barstow to
San Joaquin and Eastern was its
Property Laid for Own Use.

The suit of the Santa Fe Railway
against the San Joaquin and Eastern
Railroad, to recover the price of
the rails sold to the latter corpora-
tion and claimed by the former,
developed a number of affairs
during the trial of the action before
Judge Walworth and submitted yes-
terday. The story goes back twenty
years, when the Randolph Reduction
Company built a stamp mill
in the side of a hill near Barstow.
The rails were shipped from the
mill to the railroad. They later sprang
from the main line and two spur
tracks leading to the stamp mill.
Much ore was taken out. Finally
the stamp mill was abandoned and the then owners
sold it to a San Francisco man for
the San Joaquin and Eastern Rail-
road. Not out of the picture, the
two or three spur tracks were
left.

Mountaineering, the Santa Fe em-
ployees have been told nothing
of the history of the spur tracks.
When the agent of the San Joaquin and
Eastern Railroad inquired for
information concerning the spur tracks
the high. The State Railroad Com-
mission made a lower rate and the
rails were transported by the Santa
Fe to the San Joaquin and Eastern
Railroad.

It also developed that a Santa
Fe section foreman tore up the spur
tracks. The rails were used by
the San Joaquin and Eastern Rail-
road, and then it was realized by
the Santa Fe that it had shipped its
own rails to another. It was re-
covered the freight rate for the ship-
ment.

CLAIM INHERITANCE.
STEPMOTHER HAS DEED.
The children of Joseph E. Sylvia,
who died a few years ago, have
agreed one day to learn that he
had bequeathed all their property
to their mother, which they expected
to receive. The bequest of their
inheritance they fled, suit
against the stepmother to have
the court declare the property in trust
for them until the time of the
same before Judge Sheek for
trial.

It is alleged that Mrs. Francisca
Sylvia, the first wife of Mr. Sylvia,
died a widow with about \$20,000,
consisting of several lots extending
from Front to Beacon streets at
the harbor. She died the property
to her son, John J. Sylvia, and
decided in his favor in the case
of the matter of the charter election.
The Civil Service Commission
recommended the fact that some
of the city employees may tell some-
body what they think of the new
charter and thus contribute to its
success.

The City Service Commission ruling
that no city employee may take
part in the charter or the wet and
dry campaign was received yesterday
with a howl of dissatisfaction from
the City Hall, while the commission's

refusal to advance the age limit
to 55 years was received with
decided criticism in the Council. In
the matter of the charter election,
the Civil Service Commission recom-
mended the fact that some of
the city employees may tell some-
body what they think of the new
charter and thus contribute to its
success.

COUPON APPROVED.
STANDING ON BOND ISSUES.
Calling attention to the public ne-
cessity of the \$1,000,000 bond issue
for the Dry Tunnel, the City Council
agreed yesterday to let the wet and
dry tunnel issue proposed for
\$200,000 for fire and police alarm
systems are of minor importance
and probably less than in view of the
possibilities lessening the pressure
on the dry tunnel issue, the people
are advised to vote against it if it
must be submitted at this elec-
tion.

Although the Council has already
decided to place these five bond
propositions on the ballot, the May-
or's message was "approved."

LEAVES NO WILD.
WIDOW ASKS LETTERS.

A petition for letters of adminis-
tration was filed yesterday by Mrs.
Catherine Quinn, widow of Patrick
Quinn, who died at Pico, leaving an
estate valued at \$60,000. Mr.
Quinn owned nineteen acres on Central
avenue, between Florence and
Madison, worth \$10,000; twenty
acres in West Twentieth and
Avenue Twenty-third, and twenty
shares of the New World Life In-
surance Company.

The wife are the widow, Mary
E. and Margarette Quinn, daughter;
Patrick and Charles W. Quinn;
six brothers and three sis-
ters.

IN AND OUT.
ABOUT THE COURTS.

AWARDED DAMAGES. Judge
Works yesterday awarded Henry
Zykoil \$10,000 damages against
John Schreck, real estate man, for
attacking the attorney for the defense.
The testimony showed that Mr.
Zykoil introduced his wife
to Mr. Schreck, bringing him
into the office of his lawyer
and helped Mrs. Zykoil wash
the dishes. Subsequently, Mr.
Zykoil said he found his wife
had been in a room quite some-
time and he broke through
a window. Mrs. Zykoil seated him
until Mr. Schreck could lock him
up in a bedroom.

NOT NEGLIGENCE. The Levy Cafe
was returned the victor in the dam-
age suit filed by Janet T. Miller,
wife of a man whose
city crop dress ruined by
the accidental upsetting upon it of a
tunne of mulligatawny soup. The
evidence showed that a Mrs. Miller
had upset a watered wad stand
upon which a waiter had placed the tureen. Judge Hewitt,
on trial for a good judgment
in favor of the cafe, decided that
the management was not negligent.

HARD FIGHT STARTS. The
trial of the suit, out of which it
is alleged that agents of the
Wilmington Transportation
Company interfered with the busi-
ness of the White Star Line, by
carrying passengers on the line
was started before Judge Works
yesterday and promises to be a
strenuous fight. Last fall, when
the matter was in the Supreme
Court, a temporary restraining order
was issued.

INCORPORATION. The Four
Wheel Drive Truck Company, incor-
porators C. C. Sharpenburg, E. K.
Pierce, C. C. Van Scoy, E. W. Wood-
ward, and F. Geiger, capital stock
\$1,000,000, and \$15,000, the
California Fruit-Candy and Cereals
Company, incorporators Elton O. Gash-
rus, F. N. Wallard, Charles A.
Holloman, and W. M. McNeill, capital
stock \$200,000, and \$15,000; "Lilliputians," incorporators James
T. Williams, Harry Eisenberg and
Walter Link, the Industries Educa-
tional Corporation, incorporators W. T. Kilbyone, C. M.
Dutton, Hope Nash, W. H. Kendig
and C. H. Stiles, capital stock \$75,-
000, subscribed by the J. E. Paul
Company, incorporated by J. E. Paul,
J. E. Paul and Edwin Pratt, capital
stock \$10,000, subscribed \$30.

At the City Hall.

CIVIL SERVICE IS DECLARED UNJUST.

LONG AND FAITHFUL SERVICE IS THROWN IN DISCARD.

Patrolmen on Eligible List for Appointment as Detectives for Years are Thrown in Discard. Official Muzzles are Placed on All City Employees.

Declaring that the Civil Service Commission's proposal to hold a new examination for detectives is unfair and unjust, five members of the police department, who have served from ten to fifteen years, filed a protest with the Police Commission yesterday, asking that the rules be amended to give them a chance to win promotion. The request was endorsed by the Police Commission and forwarded to the Service Commission.

The men, who have been on the eligible list for appointment as detectives are William Ingram, who has been a ranking detective who will be promoted; Roy Shy, working out now with the detective bureau; C. A. S. Hickock, James Dillon, expert gunner of the identification bureau; W. E. Murphy and Walter Woods.

These men point out that if the new civil service examination is held there will be at least 100 men in the department who will pass the examination.

"This question goes to the root of the service," said the men. "The statement says, 'Inasmuch as we have been on the eligible list for many years in the view of the fact that most of the newer men in the service may receive as high markings or higher, the older men will be effectively retired.'

The men point out that if the new civil service examination is held there will be at least 100 men in the department who will pass the examination.

The Civil Service Commission ruling that no city employee may take part in the charter or the wet and dry campaign was received yesterday with a howl of dissatisfaction from the City Hall, while the commission's refusal to advance the age limit to 55 years was received with decided criticism in the Council. In

the matter of the charter election,

the Civil Service Commission recom-

mended the fact that some of

the city employees may tell some-

body what they think of the new

charter and thus contribute to its

success.
